

How to access the Next World Platform Portal

To access the Portal, point your browser to <http://nwxr.app>, then using the login screen, enter your username and password. These details will have been provided by Next World or your organisation's administrator.

The image shows a login interface for 'NEXT WORLD VIRTUAL REALITY'. It features a white card with a dark blue header containing the logo. Below the header are two input fields: 'EMAIL' with the placeholder 'name@example.com' and 'PASSWORD' with masked characters. A dark blue 'Login' button with a lock icon is positioned below the password field. At the bottom of the card, there are links for 'Support' (with a question mark icon) and 'Forgot Password?' (in orange text). The card is overlaid on a stylized illustration of a person wearing a VR headset and holding a controller, with a glowing orange geometric shape in the background.

Create An Account

If your organisation is new to Next World, you'll need to contact us to create an account. More information is available [here](#). If you're part of an existing organisation, you should contact your manager or administrator in order to gain access. If you believe you have an account but don't know what the password is, you can try [resetting your password](#).

Forgotten Password

If you've forgotten your password, you can use the password reset link. More information is available [here](#).
