Setting Up a VR Device for the Next World Environment

If you've received a headset from Next World, you'll have received a getting started guide.

This article aims to provide details on how to set up a Next World-supported VR headset for the Next World experience environment.

Below are the headsets that Next World support. More headsets may be supported in the future.

After confirming the headset type you possess is supported by Next World, please visit the relevant article below to read through the instructions on how to set up either a Meta or a Pico device.

Meta Devices: Preparing a Meta VR Device for Usage With Next World Software

Pico Devices: How to Install Next World Software on to a New Headset
